PROFILE

BCA graduate (7.72 CGPA, Mount Carmel College) with hands-on experience in data analytics, product-centric full-stack development, and UX design. Completed coursework in Data Warehousing & Mining, AI, Machine Learning, and Design Thinking. Holds certifications from Google, Deloitte, AWS, and Goldman Sachs. Skilled at translating data insights into product decisions and user-centred solutions.

EDUCATION

Bachelor of Computer Applications (BCA) · Mount Carmel College Autonomous, Bengaluru	2023 – 2026 · 7.72 CGPA
II PUC – EBAC · Mount Carmel PU College, Bengaluru	2021 – 2023 · 81.6%

SKILLS

Analytics	Python (Pandas, Scikit-learn, Naïve Bayes/TF-IDF), R, SQL, Tableau, Jupyter Notebook, Excel
Product	User Research, Wireframing, Prototyping, Figma, Design Thinking, Agile basics, Notion
Data Eng.	Data Modelling, ETL fundamentals, AWS (Data Engineering), MongoDB, MySQL
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript
Backend	Node.js, Express.js, REST APIs

CERTIFICATIONS

Google Data Analytics · Coursera Deloitte Data Analytics Job Simulation · Forage Goldman Sachs Internal Audit Simulation · Forage	Data Engineering on AWS Foundations · AWS Training UX/UI Design Professional Training · Alpha Tech Academy

PROJECTS

SpotMyEvent – Real-Time Event Discovery Platform *MERN · Leaflet · SerpAPI · Geoapify*

- ▶ Built a product with location-based search, interactive maps, real-time data ingestion, and Haversine distance filtering — demonstrating end-to-end product thinking from user need to data pipeline.
- ▶ Designed the full user journey: autocomplete search → geocoded results → ticket-booking flow, applying UX principles to a data-rich interface.

AI Spam Classifier *Python · Naïve Bayes · TF-IDF · Scikit-learn*

- ▶ Engineered a text classification model with TF-IDF preprocessing; evaluated precision/recall tradeoffs — core analytical thinking applied to an ML problem.

Finance Tracker – Android App *Java · SQLite · Android Studio*

- ▶ Designed an intuitive expense-categorisation app; applied Material Design guidelines and local data persistence — product usability grounded in structured data modelling.

Pet Adoption Platform *React · MySQL*

- ▶ Created a user-centred adoption flow with relational backend; focused on navigation clarity and data integrity — translating user research into functional product design.

RELEVANT SKILLS

Data Warehousing & Mining · Big Data Analytics · Artificial Intelligence · Machine Learning · Design Thinking · Software Engineering · Database Management · Python Programming · Financial Education & Investment Awareness

EXTRA - CURRICULARS

Field Volunteer · Diyaghar NGO

- ▶ Designed structured educational sessions for children; managed logistics and materials — applied project coordination and stakeholder communication skills.

Core Member – Hindi Association · Mount Carmel College

2024 – 2025

- ▶ Led cross-team event planning; produced branded promotional materials in Adobe Illustrator & Canva — bridging creative execution with operational planning.

NSS Active Member · Mount Carmel College

2021 – 2023

- ▶ Managed field logistics and community outreach for campus initiatives; coordinated volunteers across events.
