PROFESSIONAL SUMMARY

Bachelor's of computer applications graduate (7.72 CGPA, Mount Carmel College Autonomous, Bengaluru) with demonstrable experience across UI/UX design, full-stack development, and data analytics. Delivered end-to-end product projects using the MERN stack, Python ML pipelines, and Figma-based design systems. Holds industry certifications from Google, Deloitte, Goldman Sachs, and AWS. Skilled at translating data insights into user-centred product decisions. Seeking a graduate role in product design, frontend engineering, or data analytics.

TECHNICAL SKILLS

UI/UX Design	Figma, Wireframing, Prototyping, User Research, Usability Testing, Information Architecture, Design Thinking, wix studio
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, jQuery, Responsive Design
Backend	Node.js, Express.js, REST APIs, MySQL, MongoDB, SQLite
Data & Analytics	Python (Pandas, Scikit-learn, NumPy), R, SQL, Tableau, Jupyter Notebook, Excel, Naïve Bayes, TF-IDF, Data Visualisation, Power BI
Cloud & Data Eng.	AWS (Data Engineering Foundations), ETL Fundamentals, Data Modelling, Data Warehousing & Mining
Design Tools	Adobe Illustrator, Adobe Photoshop, Canva, Motion Graphics
Other	Agile Methodology, Git, GitHub, Android Studio (Java/XML), C, C++, Google Analytics

PROJECTS

SpotMyEvent — Real-Time Event Discovery Platform | [MERN Stack](#) · [Leaflet](#) · [SerpAPI](#) · [Geoapify](#) 2024 – 2025

- Led end-to-end product development: conducted user research, designed Figma wireframes, and shipped a location-based event discovery web app with interactive maps (Leaflet / OpenStreetMap).
- Engineered real-time event data ingestion via SerpAPI, Haversine distance filtering, autocomplete-powered geocoded search, and a complete ticket-booking flow within a React + Node.js / Express architecture.
- Prioritised mobile-responsive design, accessibility, and performance — demonstrating full product thinking from user need through data pipeline to deployed UI.

AI Spam Classifier | [Python](#) · [Naïve Bayes](#) · [TF-IDF](#) · [Scikit-learn](#) 2024

- Built a supervised text-classification model with TF-IDF preprocessing; evaluated precision / recall trade-offs and achieved high classification accuracy — applied analytical thinking to an end-to-end ML problem.

Finance Tracker — Android App | [Java](#) · [XML](#) · [Android Studio](#) · [SQLite](#) 2024

- Developed a native Android expense tracker with income / expense categorisation, transaction history, and local data persistence via SQLite; followed Material Design guidelines for intuitive UX.

Pet Adoption Platform | [React](#) · [MySQL](#) · [HTML5](#) · [CSS3](#) 2024

- Conducted user research and built Figma wireframes before implementing a React frontend with a relational MySQL backend; applied accessibility principles and visual hierarchy to minimise adoption-flow drop-off.

CERTIFICATIONS

Data Analytics using MS excel · *Coursera*

- Data analysis, data visualisation, and spreadsheet analysis.

HubSpot Digital Marketing Certification · *HubSpot Academy* | *May 2026 – Jun 2027*

- SEO, social media strategy, content marketing, inbound marketing, video marketing, and ad analytics.

Data Engineering on AWS Foundations · *AWS Training & Certification*

- Cloud computing, data engineering, AWS core services, and ETL fundamentals.

Deloitte — Data Analytics Job Simulation · *Forage*

- Data modelling, visualisation, Python, and spreadsheet analysis in a consulting context.

Goldman Sachs — Internal Audit Job Simulation · *Forage*

- Risk analysis, corporate governance, and structured problem solving.

UX/UI Design Professional Training · *Alpha Tech Academy × MCC CEE* | *Aug 2024* | *Grade: A+*

- Figma, user research, interaction design, and prototyping.

Branding & Design Job Simulation · *Forage*

- Brand strategy, product design, digital marketing, and community building.

EDUCATION

Bachelor of Computer Applications (BCA) | Mount Carmel College Autonomous, Bengaluru *2023 – 2026*

- CGPA: 7.72 | Relevant coursework: Data Warehousing & Mining, Artificial Intelligence, Machine Learning, Design Thinking, Software Engineering, Database Management, Python Programming, Financial Education.

II PUC — EBAC (Economics, Business, Accounts, Computer Science) | Mount Carmel PU College, Bengaluru *2021 – 2023*

- Score: 81.6%

EXTRACURRICULAR ACTIVITIES & VOLUNTEERING

Core Member — Hindi Association | Mount Carmel College *2024 – 2025*

- Led visual branding for 10+ college events; produced brand-consistent promotional materials using Adobe Illustrator and Canva; managed cross-functional event coordination.

Field Volunteer | Diyaghar NGO / NSS, Mount Carmel College *2021-2023*

- Facilitated educational sessions for children; managed end-to-end logistics and stakeholder communication for community outreach programmes.
